PROFILE

A motivated final-year MCA student with a strong passion for web design and software development. I am a quick learner, always open to new challenges and opportunities for growth. Seeking an entry-level opportunity to enhance my skills, gain practical experience, and contribute effectively to a growth-oriented organization.

EDUCATION

Santhigiri College of Computer Sciences, *Bachelor of Computer Application* **Percentage: 63%**
2022 – 2025 | Idukki, India

St. George Higher Secondary School, *Higher Secondary Education* **Percentage: 71%**
2020 – 2022 | Idukki, India

Holy Family Public School, *Secondary Education (SSLC)* **Percentage: 65%**
2019 – 2020 | Ernakulam, India

PROJECTS

SmartD2H, *D2H Recharging Portal* | 12/2024 – 03/2025
Developed a web-based D2H recharge portal using HTML, CSS, PHP, MySQL, Python, and Django. Implemented plan, customer, and transaction management for admins, customer registration and recharges, and email notifications for successful or failed transactions.

Your Hive, *E-commerce Platform for Honey Products* | 05/2024 – 10/2024
Developed an e-commerce web application using HTML, CSS, PHP, MySQL, and JavaScript to connect local beekeepers with customers for online honey sales. Implemented separate admin, seller, and customer interfaces for managing products, stock, and orders.

Hostel Management System, *Currently in progress*
Developing a web-based hostel management system using PHP and Laravel to bring multiple hostels under one platform. The admin manages owners, categories, and owner requests; owners add hostels and rooms; and customers browse and book hostels.
